Kuropatkin Reported Going
Further Than Mukden.

A Late Report is That Viceroy
Alexieff Has Sent in His
Resignation.

THE HALTIC FLEET LEAVES

London, September 12.—A dispatch
to Reuters' Telegram Company from
St. Petersburg says it is understood
that Viceroy Alexieff, in view of the
paramount military exigencies in
the far east, has placed his resignation
in the hands of the emperor, but
that no decision with regard to it has
yet been made.

What little news was received Sunday
from the Manchurian theater of
war indicates the almost entire sus-
pension of active operations by both
Russians and Japanese.

Kuropatkin briefly reports that
there was no fighting Saturday except
small patrol encounters.

The Baltic fleet, rumors regarding
which have from time to time occu-
pied the press reports, sailed Sunday
from Cronstadt, and it is officially
announced in St. Petersburg that its
destination is the Far East.

St. Petersburg dispatches indicate
active preparations to greatly increase
the Russian fighting force. The story
from Port Arthur is one of bombard-
ments.

RESERVES CALLED TO ARMS.

St. Petersburg, September 12.—The
emperor has called to arms the reserve
troops in twenty-one circles of the
governments of Kherson, Herson, Ekaterinoslav and Tauris, belonging
to the military district of Odessa, and
also one category of reserve officers
throughout the empire.

REPORT HEAVY RUSSIAN LOSSES

Tokio, September 12.—Telegraphic
reports received here today from the
headquarters of the Manchurian army
declare the Japanese to be in full pos-
session of the Yontai coal mines and
estimate the Russian losses up to the
fall of Liao Yang at over 25,000 men.
The estimate of losses does not include
those suffered by the Russians in the
rear guard actions fought after the
evacuation of Liao Yang.

GERMANY REST SILENT.

St. Petersburg, Sept. 12.—Speaking of
a possible intervention by the powers,
the Novoye Vremya today says that
America is entirely too busy with a re-
sulting election to undertake such a dan-
gerous task. Germany is considered a bet-
ter situated power to make suggestions
or overtures.

CAMPING ON RAILWAY.

St. Petersburg, Sept. 12.—General
Sakharoff reports that the Japanese
have not yet penetrated North Ventail in
any considerable numbers. They have,
he says, several large camps on the rail-
way south of there towards Liao Yang.

AGAIN RETREATING.

St. Petersburg, Sept. 12.—General
Kuropatkin's army is again in retreat,
and the forces which had been resting
at Mukden several days are now retiring
on to Tieling. The press is forty miles
north of Mukden, where it has been stated
on several occasions the stand will
probably be made against any advance
which the Japanese might attempt.

GENERAL NOT KILLED.

St. Petersburg, Sept. 12.—An official
dispatch received today denies the re-
ports that General Misteichenko, who com-
manded the Russian east at Liao Yang,
was killed near that city Sept. 3.

JAP SPIES ARRESTED.

St. Petersburg, Sept. 12.—Two Japa-
nese were arrested here today. One had
joined the Greek Catholic church and
carried a Russian woman. No docu-
ments were found but both are believed
to be naval officers acting as spies.

CAVALRY OFFICERS.

Tokio, Sept. 12.—Field Marshal Oyama
reports that a large body of Russian
cavalry appeared at Pinitzu east-
ward of the railroad between Ventail and
Mukden.

WILLIAM JENNINGS IS MUCH IN THE WAY

Tom Taggart Doesn't Know
What to Do With Him.

Bryan Cannot Be Ignored and Cannot
Be Decried—Is Ready and Willing
to Be in the Way.

A THORN IN HIS SIDE

Washington, Sept. 12.—Conditions in
the west and middle west are now en-
gaging the serious attention of the po-
litical managers of both parties.

With the Democrats the speaker of
Bryanism, of the type that stalked
abroad in 1890 and 1896, rises to haunt
their sleeping and waking hours. What
to do with Bryan is the question which
has not yet been settled, and Chairman
Taggart is doing nothing else these
days but trying to figure out how he
can utilize the Peerless Leader and pre-
vent the weapon from exploding at
both ends.

Bryan must be used. There is no get-
ting away from that. Too many of his
1,000,000 of followers are waiting to
see "what Bryan is going to do," and
the reorganizers who are now in con-
trol are wondering what will happen af-
ter Bryan has done it. While it is not
given out for publication, it is known
that the speakers' bureau at Democra-
tic headquarters have two requests for
Bryan where they get one request for
all other speakers, has so far not
exhibited a mad desire to subordinate
everything he holds dear for the mere
elevation of Judge Parker, hence the
painful feeling of uneasiness.

So far as the Republicans are con-
cerned, conditions in the west generally
are highly satisfactory. Even with the
Bryan complication eliminated as a fac-
tor in their favor, they have reason for
absolute confidence in the result.

Congressman Prince, of the Fifth
Illinois district, who has just made an
extended tour of the middle west, and
who is thoroughly familiar with the po-
litical situation throughout that sec-
tion, was in Washington today en route
east. He said:

"The Republicans of the middle west
are united and harmonious in support
of Roosevelt and Fairbanks, and from
now until election day will put up a
determined and aggressive fight to du-
PLICATE the splendid record of 1900. Not
only the electoral nominees, but our
state tickets as well, are regarded as
absolutely safe.

"The present Republican representa-
tion in congress will remain undisturbed
and everything points to a gain of
certain districts now held by the Democ-
rats, but which in 1900 were carried
by a vote which did not mean, and
which, not only represent the political senti-
ment of those districts, a determined
fight will be waged to make the next
delegation from Iowa solidly Republi-
can. Judge Wade is now the only Democ-
ratic representative from Iowa, and
was elected to the last congress by a
scant 1,000 plurality. The conditions in
that district are now such that, despite
the personal popularity and unques-
tioned ability of Judge Wade, it is
confidently predicted that his successor
will be a Republican.

"In my own state, James R. Wil-
liams, of the Twenty-fourth district,
who was grieved by his friends for the
presidential nomination, slipped into
the last congress by the narrow mar-
gin of 252 votes. We expect to beat
him this year and there is every indica-
tion that our expectations will be re-
alized. In other close districts through-
out the middle west, notably that of
James M. Robinson, the Twelfth In-
diana, the Republican managers are
confident of electing Republican suc-
cessors to the Democratic incumbents.
On the whole, the outlook is exceed-
ingly bright for an increased Republican
representation in the next congress, and
this prediction is made after a thorough
preliminary canvass by careful observ-
ers, who are not in the habit of indulg-
ing in 'rainbow chasing.'

"Another element which will figure
largely in a decreased vote for the Democ-
ratic national ticket is the intention
on the part of the rabid Bryanites of
the middle west to vote for Eugene V.
Debs for president. Still another fac-
tor of the Democratic party which
openly expresses its disapproval of the
way in which Judge Parker's nomina-
tion was secured, and his reputed sup-
porter the 'money changers,' will sup-
port the Prohibition ticket.

"With unity in the Republican ranks,

RUSSIAN VESSEL AT SAN FRANCISCO

It is Not Known What the Lena
is Doing.

She Carries Twenty-Three Guns and
a Complement of Men—Much
Interest Aroused.

A BREATHTAKING COUNTY CASE

FOR REPAIRS.

San Francisco, Sept. 12.—The Russian
transport Lena, Capt. Berlinsky, put in
to this port yesterday for repairs. The
Lena is thirty-one days from Vladivostok.
She has a crew of 407 men and
twenty-one officers, and carries twenty-
three guns.

An officer of the cruiser said that the
Lena left Vladivostok on a cruising ex-
pedition, hoping to capture some of the
trans-Pacific vessels carrying contraband
of war. It was admitted that the ves-
sel most eagerly sought was the steam
ship America of the Toyo Kisen Kaisha,
which company sent her from this port
several weeks ago for the Orient. The
America arrived safely at Hongkong on
Sept. 2.

Up to noon nothing had been done
indicating that the Lena is going to
leave, be dismantled or overhauled. It
is expected that she will be docked and re-
paired. No orders have been received
from Washington relative to the vessel.

THROWN OUT OF COURT.

Mt. Sterling, Ky., Sept. 12.—The case
of James Bach, of Breathitt county, for
false swearing in the Jeff-White trial,
was thrown out of court this morning.
Judge Young ruling the indictment was
defective.

40 BUILDINGS BURNED.

Malio Falls, Idaho, Sept. 12.—Forty
buildings were burned here this morning
entailing a loss of three hundred thousand
dollars.

EIGHT LOST

PLEASURE SAIL RESULTS IN A
TRAGEDY.

Philadelphia, Sept. 12.—The Delaware
steamer Columbia, on its way from this
city to Bristol, Tenn., crashed into a
steam launch about ten miles north of
here, grinding it to pieces and causing
the drowning of eight of the dozen occu-
pants of the small boat. All of the party
were from Philadelphia. The dead are:
Joseph Fortesque, owner of the launch;
Wade Anday, Thomas Duffy, Thomas
Cervess, Anna Young, Joseph Pfomer,
Miss Joseph Pfomer, James Briggs, engineer.

UNDER CONTROL.

FIRE IN CALIFORNIA DID MUCH
DAMAGE.

San Francisco, September 12.—The
fire in the Santa Opna mountains is
now under control, and the giant Big
Basil Redwoods have escaped the
flames, as did the town, Boulder
Creek. The damage to the mill and
ranch property, however, will aggregate
a million dollars.

A KENTUCKIAN QUILTS.

Washington, September 12.—Mid-
shipman Guy C. Freeman, of Ken-
tucky, a member of the new fourth
class at the Annapolis Academy, has
tendered his resignation, which has
been forwarded to the navy depart-
ment with the recommendation that
it be accepted. The cause assigned is
serious eye trouble, coupled with
nervous prostration.

ALLIED OFFICIAL LOSSES.

Oyster Bay, Sept. 12.—President
Roosevelt today received a cablegram
from Minister Grieson of Tokio, giving
the revised official figures of the losses
in the battle of Cebu Yang, as reported
by Field Marshal Oyama: Japanese
losses, seventeen thousand five hundred;
Russian losses, twenty thousand.

and the Democracy embittered by con-
stantly increasing factional strife,
Roosevelt and Fairbanks are assured of
the electoral vote of the middle west.
Our eastern friends have only to do as
well and the magnificent victory of Mc-
Kinley will be duplicated next Novem-
ber.

TWELVE THOUSAND ARE STILL IDLE

Many Former Strikers Were
Not Given Work Today.

The Packers Still Have Fifteen Thou-
sand Non Union Men on
Their Hands.

TWO KILLED BY LIGHTNING

Chicago, Sept. 12.—Four thousand
strikers were given work at the packing
houses this morning, but eight thousand
who applied were turned away. The dis-
appointed men thronged back to their
homes or headquarters, cursing the pack-
ers and threatening further trouble.
They declared they had been tricked.
The packers appeared to be doing all
they could to give work to those who ap-
plied, but with fifteen thousand non-union
men still on their hands their oppor-
tunities were limited. There are now
eight thousand strikers back at work,
while twelve thousand are idle.

BURGLAR SAFE.

Polmyra, Neb., Sept. 12.—Burglars
"drew the safe in the State bank early
this morning, but were frightened away
before securing their booty. Blood-
hounds from Lincoln are on the trail of
the burglars.

KILLED BY LIGHTNING.

Marshall, Ill., Sept. 12.—During the
storm Sunday afternoon lightning struck
the barn of Frank Patton and instantly
killed his two sons, Ross and Burkhold-
er, aged six and eleven, who had sought
shelter in the building.

THE MARKET RALLIED.

New York, Sept. 12.—The government
crop report issued Saturday is regarded
as unfavorable, and there was a rush to
sell traders in the stock market today.
St. Paul was very weak, but the general
market rallied later.

STRONGER NAVY

The Kaiser is Determined to Get
One.

Desires a Navy to Equal That of
England.

Berlin, Sept. 12.—The speech which
the Kaiser made the other day in the
city hall of Hamburg is generally taken
to mean that he, in spite of all oppo-
sition and the lack of money in the
treasury, will make a new demand on
the Reichstag for a stronger navy. It is
well known by all close enough to the
caiser to get any inkling of his most se-
cret plans, that he greatly favors an
alliance between Germany, Russia,
France and Japan, which, he thinks,
will dominate the world and offset the
growing power of the United States,
with whom he always foresees a con-
flict, though he lets no opportunity
pass without accentuating the friend-
ship existing between Germany and
America. It is his fondest hope, these
persons say, in time to get a navy pow-
erful enough to cope with that of the
United States in case Germany should
try to found a colony in South Ameri-
ca. He knows without any doubt that
he will meet with strong opposition
from the Socialists in the Reichstag,
but, as he pointed out in his speech,
when five years ago he made his first
speech to the German people for an in-
crease of Germany's naval power, the
response surpassed all his expectations,
and for this reason he expects that the
nationalism of the German people will
be greater than their love of money
and that they will declare themselves
willing to bear any sacrifices for the
sake of the fatherland.

There are also many here who be-
lieve that this demand of the Kaiser's
for a mighty navy is a hint to Eng-
land that Germany will never give up
her efforts to build up a naval power
equal even to that of Great Britain.
In speaking to the people of Hamburg,
the Kaiser showed himself a great diplo-
mat. Knowing that the people are
greatly proud of being citizens of a
free and independent Hanse city, he
called himself a foreign sovereign but
an old friend of the people of Hamburg,
thereby emphasizing that he recognizes
the independence of that great city.

TRUDGING BACK TO SCHOOL AGAIN

Public Schools Opened for the
Year This Morning.

The Enrollment Promises to Exceed
That of Any Year in the
City's History.

PRIVATE SCHOOLS ALSO START

The Paducah public schools opened
this morning with probably the largest
enrollment in the history of the schools.
The exact enrollment cannot be learned
until the week is out, and all pupils
have been properly entered and classi-
fied.

Supt. C. M. Leib was the busiest man
in the city today. He was at his office
early this morning, and when he arrived
at the high school building found many
parents with their children waiting to
have the children entered into school.
Supt. Leib's office was packed with chil-
dren of all ages and sizes, with their
parents, sisters and brothers, and the
rush continued all the morning.

School was "taken up" at 8:30, the
pupils regularly enrolled on the books
and given lists of books to be secured
with instructions to report back this
afternoon for regular work. Little work
will be done today as it will require
more than a half day to get straightened
out, but Supt. Leib and all teachers will
have everything running smoothly to-
morrow morning.

The buildings are all reported in good
repair and there was not a hitch report-
ed this morning. All teachers were on
hand and no confusion resulted.

There will be no controversy over the
action of the school board in declaring
vacant the position of Miss Sue Kirk,
elected a teacher in the high school, be-
cause of her failure to take the exami-
nations.

Miss Kirk taught last year, but had
not taken the examinations. She was
elected a teacher and given a place with
the understanding she take the exami-
nations, but she overlooked the matter
this summer while visiting her people in
Louisville, and the board last week de-
clared her place vacant.

Miss Kirk arrived last Saturday and
will teach a private school here. Miss
Stewart, master of arts, of Cincinnati,
is here and has been placed in to teach
Miss Kirk's class in the high school.

Mrs. John J. Dorian this morning
opened her private school at Fourth and
Clark streets with twenty day pupils,
and tonight will install a night class.
The prospects are for one of the most
prosperous years in the history of this
popular private school. Misses Mabel
Russell and Grace Baker, of Dixon, Ky.,
arrived today to enter the school.

The following Paducahans have al-
ready left or will in a few days for the
respective schools named:

Miss Phillipa Hughes, the valedictorian
of the graduating class, Mary Baldwin
college Staunton, Va.; Miss Catherine
Quigley, now visiting in Virginia,
Mary Baldwin college; Miss Blanche
Hills and Miss Frances Wallace, Hollins,
Va.; Miss Gertrude Scott and Miss Mary
Scott, St. Mary's of the Woods school
near Terre Haute, Ind.; Miss Lillian
Gregory and Miss Anita Keller, Nazareth;
Mr. William Rudy, Staunton, Va.;
Mr. James Langstaff, Virginia Military
Institute; Mr. Roscoe Reed, Miami col-
lege, Oxford, O.; Mr. David Koger, Van-
derbilt; Mr. Charles Cox, University of
Michigan, at Ann Arbor; Miss Marjorie
Scott Monticello; Mr. Milton Waller-
stein, Northwestern Military school, near
Chicago; Miss Edna Endes, Bethel col-
lege, Hopkinsville; Mr. J. Henry Rob-
erts, Spring Hill, Tenn.; Miss Lillie May
Winstead, Mrs. Latta's school in New
York; and Miss Monima Hopkins Cin-
cinnati to study music.

A number of private schools began to-
day, all with a good attendance. These
schools are for pupils ranging from
those too young to go to the public
schools to those preparing for college,
and a good year is expected, according
to the teachers.

THE COUNTY ASSESSMENT.

County Assessor John Hughes will
finish the county assessment in the
4th district this week but does not ex-
pect to complete the entire assessment
until December 1st. He thinks there
will be a slight increase this year.

Mrs. Richard Allen, age 80 years, died
at her home between Jackson and Ohio
streets on South 11th, yesterday after-
noon at 3:30 o'clock of general debility.
Mrs. Allen was a well-known and re-
spected resident of the city and loved
by all who knew her. She had been fail-
ing in health for some time and death
was not entirely unexpected.

She had been a resident of Paducah
for many years and leaves four children.
They are Mr. Harvey Allen, the fireman;
Mr. Dick Allen, Mrs. Belle Meacham and
Mrs. John Isaman.

The funeral will be held tomorrow
at afternoon at 3 o'clock. Burial at Oak
Grove.

Mrs. Millie Maroffski, wife of Mr.
Abe Maroffski, the saloon-keeper, died
this morning early from consumption at
her home 722 Clay street, after several
months' illness. She recently returned
from Asheville, N. C., where she went
with a hope of obtaining relief, but did
not improve.

To make her death sadder, her young-
est child, about five months old, is in a
dying condition from tuberculosis, and is
expected to live but a few days longer.

Mrs. Maroffski was formerly Miss
Millie Himes, born in New York City,
but who lived in Paducah with her
father, a shoemaker, several years be-
fore her marriage. They came here
from New York City, where she was
born, and subsequently moved to St.
Louis, where Mr. Maroffski married
her six or seven years ago. She was 32
years old, and leaves several sisters and
brothers, one of whom, Mrs. Ike Cohen,
resides on Second street, Paducah. Rela-
tives are expected today to attend the
funeral.

The deceased leaves besides a husband
three children.

The funeral will take place tomorrow
afternoon at 2 o'clock from the residence,
burial at the Jewish cemetery.

Miss Zella Timmons, aged 16, the
daughter of Mr. W. A. Timmons, an em-
ployee of the local I. C., who resides in
Mechanicsburg, died of typhoid-malaria
fever at the residence of her father Sun-
day morning about 4:30 o'clock. She
had been ill for several weeks. The re-
mains were this morning shipped to
Grand Rivers for burial.

The remains of the late Mrs. Emily
Davis were yesterday taken to Smith-
land, Ky., on the Lucella Warren, and
buried there, the funeral party from Pa-
ducah that went up on the boat return-
ing late in the evening. The burial was
in the family burying ground near
Smithland.

The two-months-old child, of Mr.
Charles Atwood died last night at 804
North Fifth street, and the remains
were buried in Oak Grove this afternoon
at 3 o'clock.

Mrs. Orphie Jaynes, aged 50, died
last night from consumption at her
home near Grahamville, this county,
after a long illness. She leaves a hus-
band and five children to mourn her
loss. The funeral will take place to-
morrow morning at New Harmony
church.

NEW CLERK.

MR. ED RILEY HAS BEEN RECOM-
MENDED FOR PROMOTION.

A clerk to succeed Mrs. T. W. Dol-
berry, formerly Miss Hattie Clark, in
the postoffice, has not yet been ap-
pointed by the postoffice department,
but Mr. Ed Riley who has been a
clerk in the postoffice for the past sev-
eral years, will probably get the pro-
motion, as he has been recommended
for it. This will leave a vacancy in
the corps of clerks, and Mr. James R.
Graham now a substitute, will get
Mr. Riley's place. The appointments
are expected in a day or two.

CHARGE OF ROBBERY AGAINST A WOMAN

Lived for Years Near Owensboro
in Daviess County.

She Was Arrested at Evansville For
Alleged Robbery in Indian
Territory.

SAID TO HAVE LED A GANG

Mrs. Fredonia Brown-Haralson-Sand-
ford-Faulkner, one of the best known
women who ever lived near Owensboro,
in Daviess county, is under arrest on a
charge of robbery and will be taken
to Chickasaw, Indian Territory, to be
tried in the United States court for
her alleged offense. She was arrested in
Evansville Tuesday night.

The first robbery reported as having
been done by the gang of which Mrs.
Haralson was said to be the head, was
committed on February 21, 1903, when
a bale of silks, valued at \$347, was
stolen from a train at Chickasaw. Ev-
ery effort was made to find the goods,
but no trace of them could be had.
Then other packages disappeared, al-
ways silks or something equally valu-
able. Finally a detective traced a pack-
age to Mrs. Haralson's boarding house,
and took lodging there for several
days in order to prosecute his search.
Mrs. Haralson is said to have suspect-
ed him and all at once she went out
of the boarding house business and an-
nounced that she was going to St.
Louis and disappeared. After she had
departed plenty of evidence was found
but she was not.

She came back to Delaware, her old
home, accompanied by her son, Ingram
Haralson, and remained there several
weeks, living very quietly and making
no display of wealth although she had
money to pay her way. Three weeks
ago she left and went to Evansville,
writing back to friends that she had
started a boarding house. At Evans-
ville she did not start a boarding
house, but took a room on the third
floor of one, and gave out the informa-
tion that she was an expert cook and
was looking for a place which paid
high wages.

A letter addressed to Ingram Haral-
son at Delaware gave the detective the
first clue that she was in Evansville,
and following it up, Mrs. Haralson was
arrested. When the officer entered her
room he found a large quantity of fine
silks in bolts piled on a sofa and her
trunk and wardrobe were filled with
silk dresses, some of them evidently not
made for her, and none of them worn.
She was very indignant over her ar-
rest, but when the detective uncovered
the bale of silks he said that she broke
down and confessed and asked what
they would do with her.

Mrs. Haralson formerly lived at Dela-
ware. She was a striking looking wom-
an, a fine talker and very smart. There
was a cloud on her early life about
which she always told a pathetic story.
She married "Uncle Bob" Haralson, the
old ferryman at Delaware, and was
known to everybody in the neighbor-
hood as "Annet Dany." Her given name
being Fredonia. He died and she mar-
ried a Mr. Sandefur, with whom she
lived but a short time. She went west
two or three years ago and wrote back
that she had married a wealthy ranch-
man named Faulkner. She has many
relatives in Daviess county.

AFTER PRISONER

LIEUTENANT HARLAN WENT TO
EVANSVILLE AFTER WILL
HAMILTON.

Lieutenant of Police Frank Harlan,
of the Paducah police, left at noon for
Evansville to bring back Will Hamil-
ton wanted here for highway robbery.
Hamilton was shot while trying to
escape here two weeks ago and went
to Evansville where he had to go to a
hospital to have his wounds dressed.
He confessed that he was shot in Pa-
ducah and the police have good proof
that he was one of the three who held
up Constable A. C. Shelton and took
his money, pistol and club away.

Today's Schedule.

Paducah at Clarksville.
Cairo at Vincennes.
Hopkinsville at Henderson.

Paducah yesterday after having played star ball for a dozen or more games, lost two games to Hopkinsville in the presence of one of the largest crowds of the season. It was as rank an exhibition as was ever seen here. Pats was out of the game and Doll lumbered around second like a fish out of water, and none of the Indians seemed able to stop a ball. They failed to hit at critical times, too, when a hit might have won the game, while the Indians batted Brady, Bralich and in the last game, Freeman, like ferals. The official score shows comparatively only a few errors those at the game thought there were about fifty on the Indian's side of the column. The first game was nine and the second seven innings.

The only redeeming feature of the exhibition was a triple play by Hopkinsville in the first game. Bomar, at short caught a hot one from Lally's bat, ran to second and shut off Bateman, who was going towards third, and then shot it to first, getting it there before Gerard could get back. It was the third triple play made in the K. I. T. this season, the first made off the local diamond, and the first many of the fans ever saw.

Brady was taken out of the box in the first game, but Bralich couldn't do much better. Brady couldn't be expected to do much when about five or six errors were made behind him in one inning, as was the case the last inning he pitched.

A LITTLE DOPE.

Hopkinsville is the only team in the league which has not lost both games of a double header during the season. They have at least won one game out of each double-header played and several times have taken both games—those with Cairo for instance. This is quite an enviable record to have.—New Era.

Amateur Games.

The Redmen Union and L. A. L. amateur teams played at Wallace park yesterday morning, resulting in a victory for the former by a score of 10 to 4. This makes the best two out of three games the Redmen have taken from the L. A. L.

Short and Hays were the battery for the L. A. L. and Sutherland and Pelgia for the Redmen team. Short yielded ten hits and had five errors behind him, while Sutherland yielded 9 hits with 8 errors behind him. Both teams worked hard and played well.

The following was the line-up of the teams:
L. A. L.—Decker, cf; J. Hogg, lf; E. Bralich and Duiguid, rf; Dargal, 2b; Seeher, 1b; Hassman, 3b; Hays, c, and Short, p.
Redmen Union—Jones, ss; Pelgia, c; Wilkins, 1b; Randall, 3b; Davis, lf; Winfrey, 2b; Sutherland, p; Woodbridge, cf; McGarrigal, rf.

Cairo is Wrathful.

The Cairo papers are greatly worked up over Cairo's down-grade slide. The bulletin says:
"Of course, if President Thompson is allowed to do as he pleases Cairo will lose, but there is a strong probability that he will be shut off in this respect, as he recently was in another and perhaps more forcibly. Because Secretary Farmlaker refused to honor any more of President Thompson's orders and thereby shut him off from further obtaining the league's money is no reason why that individual should attempt to deliberately steal the pennant from Cairo, and more than that, he will be allowed

to do nothing of the kind. If President Thompson has not yet realized the title of "president" carries nothing more with it during the last month of the season than admission to the ball park free of charge and a possible right to ride around the league at its expense, he had better wake up. When the proper time comes he will get it where Mary Alice wears her sunburst."

The Bulletin says under the caption, "A Dirty Steal!"

"That President Thompson intends to steal the pennant for Paducah, there remains little doubt and it is evident that he will stoop to almost anything in order to accomplish his purpose, vile as it may seem."

"Of the forfeited games when Paducah was on a 'strike'?"
"If it was not the fault of the management that the Indians refused to play, then whose fault was it? And if that statement is true, why did the team begin playing as soon as the team management was changed? If a single man jumps a team and because of his loss that team loses a few games of ball or refuses to play, then should the games count? Or, if the Cairo team in its present crippled condition should go on a pennant race and refuse to play another game under the present management, thus giving opportunity to strengthen the team, we suppose President Thompson would allow the games to be played off later on."

"The ruling of President Thompson is harsh, unmythical and simple and it is a piece of dirty trickery and littleness to which few men would stoop. For shame."

Cairo claims that one of the games played at Clarksville last night will not be counted against her, and that the game Goodwin pitched for Paducah will be given to Cairo.

The virtuous Cairo Bulletin takes the Sun to task for intimating that Clarksville might throw her games to Cairo, and then with beautiful consistency turns around and accuses other K. I. T. clubs of "laying down" to Paducah. One thing is evident. None of the clubs are "laying down" to Cairo. She has lost about 12 of the last 15 games played, and she hasn't reached the bottom yet.

Cairo's Pitiful Plea.

It is up to Clarksville to decide the pennant winner in the K. I. T. league. She holds the key that unlocks the pennant door. Will she let Paducah enter, or will she say, "No! you must fight to enter here!"

If she wants to do the square thing she will not, but if she doesn't care, she will. It will not change the position of Clarksville one way or the other. If she wins or loses, she will remain in third place, but if Clarksville has any self-respect, any desire to do the honorable thing—not for the sake of helping Cairo—but to sustain their reputation as "true sports," to fight to the last minute and not lay down and be quitters, she will fight harder than ever before.

Clarksville can win two out of three from Paducah if she will. Will the ladies from sunny Tennessee do it? It is up to Clarksville.—Cairo Citizen.

Hedges' Club Wins.

Alonso Hedges, the Paducah boy who has been pitching in the "Three I" league for Springfield, has done good work this season, and his club wins the pennant.

A dispatch says:
Bloomington, Ill., Sept. 12.—Springfield is to fly the pennant next year as champions of the Three Eyes league. Much credit for the victory is due Manager Frank Donnelly, last year with Rock Island. He has got together a strong aggregation. The team is composed of the following players: Smith and Latimer, catchers; Britten, Hedges, Alonzo, Schenck and Cannitz, pitchers; Wright, first base; Elbridge, second base; Noel, shortstop; Durkee, third base; Caffrey, left field; Donnelly, center field, and Lippert, right.

Will Soon Have to Dig.

Pittsburg, Pa., Sept. 12.—Barney Dreyfus admits he will soon be paying wages. In the spring Barney was banking on his confidence that the Premiers would win the pennant for the fourth time. Many wagers resulted that the Premiers would win, others that they would not beat New York, and still others that they would not finish as good as second or third.

Against the first two propositions Dreyfus bet the largest amounts, and the winners are already waiting. President Herrmann, of the Reds, holds the winning end of the wager of \$1,000 to his \$800, and Ed. Max Felschmann, secretary of the Cincinnati Club, has the same sort of a bet.

Besides the money wagers, the Pittsburg man wagered suits of clothes and champagne suppers.

The Pittsburg Game.

President Gus Thompson, of the Paducah baseball association, stated this morning that he did not know who he would pitch in the Pittsburg game. Bomar will probably pitch two out of three at Clarksville and if he does will not be fit to go against Pittsburg Thursday for the Indians.

Land injured himself on the left knee yesterday sliding to home. He is not seriously injured, however, and continued the game.

BALL NOTES.

Cairo has a new center fielder, Knox from the Evansville Central league team, and he has a monstache, the only one in the K. I. T. league.

Wilder had his thumb broken in the last game of the Hopkinsville series and will be out of the game the rest of the season.

Each and every paper in the K. I. T. league towns figures the percentage differently and so does the column. After all Mr. Lindbergh's calculation will have to be accepted as matter how the papers make their calculations. Henderson leader.

Several new faces appeared yesterday on the Egyptian team. They were Knox, in center. Lally at short, and Fleming in the right garden. Knox was formerly in the Central league while Lally and Fleming were with Clarksville in the Delta league. Henderson Glenner. And yet Cairo wants to call attention to that rule against strengthening a team after August 1st!

It is announced today that a series of five games has been arranged between Paducah and Hopkinsville, beginning about Sunday, for \$300 a side. The announcement is not authoritative, but it is said the games will be played, and that papers were signed up yesterday. The winner of three out of five games will get the prize.

Doll hurt the little finger of his pitching hand yesterday. The end was split slightly but will not interfere with his pitching.

Morre got a finger dislocated yesterday at the park in practicing, but played the game out.

Yesterday was a hammer day in heavy slugging at Wallace park.

Hoptown failed to do anything with Doll and Bomar. Paducah's strongest pitchers, but what they did to the other three was a plenty.

Potts was not in the game yesterday on account of illness. He was all right last night, however, and left with the team. The report that Potts would not play the season out is erroneous, as he will continue playing with the Indians. His absence from the game yesterday was keenly felt both in hitting and fielding.

Harlow played a nice third sack yesterday.

Doll on second base yesterday missed several balls which went as hits and which would have been put-onts for Potts. This accounted for the victory of the visitors to a great extent.

WAS REAL FUNNY

Man Smiled as He Thought of Waterworks in Kentucky.

Then He Gave \$50,000 to Berea College For a Water Works System.

Dr. D. K. Pearson, who is 84 years young and maintains that longevity is assisted by giving to colleges, took one of his own prescriptions yesterday by donating \$50,000 to Berea College of Berea, Ky., says the Chicago Record Herald.

The college needed a waterworks system and Dr. William E. Patton of the First Congregational church of Oak Park, a trustee of the school, together with Addison Ballard, another trustee, called on the philanthropist and told him that a waterworks system was a necessity even in Kentucky.

Dr. Pearson consulted his notebook and discovered that he had already given \$100,000 to the Blue Grass institution, but the money had been devoted to educational purposes. The doctor thought it over, then laughed he at ways laughs when he separates himself from his money, and said that a waterworks system in Henry Watterson's territory would need a good pumping capacity, so he would start the stream with an "L. I. F." intitled "L. K. P." the trustees had no trouble in interesting the contractors and the plant will be in operation early next year.

Thus far Dr. Pearson's donation account is \$1,000,000, and he hopes to make some goodly additions to it as a present to himself on his eighty-fifth birthday.

ALWAYS ON TIME

IT'S GOING TO BE A CLOSE FINISH

Cairo Now Seems to Have One
Game the Better of It.

Has Strengthened With Central
League Players—Now For
the Finals.

TALE WILL SOON BE TOLD

There is going to be a hot finish in the K. I. T. league for the pennant, and a great deal of interest is being taken in the result. Yesterday's loss of two games by Paducah takes her down but one in the per cent column, because one of the games had already been counted against her. This was the game that was forfeited to Hopkinton when the team was "on" a strike. It was forfeited in pursuance of the rule which gives a game to a team when the opposing players fail to show up, and has been counted against Paducah in the per cent column since it was forfeited.

President Thompson decided to have the game played, and even had it been won it would have been taken before the league on the ground that President Thompson had no right to order the game played when it was legally forfeited to Hopkinton. The same will hold good in the extra game to be played with Clarksville. It has already been counted against Paducah, and Paducah has nothing to lose by playing it, but should she win it, the league will have to pass on it before it can be counted for Paducah.

The percentage column today shows Paducah and Cairo even, according to our way of counting it, and shows Cairo one game ahead, according to Cairo's way of counting it. After all, as one of the league papers declares, the Cairo way will probably prevail, as the official records are at Cairo. Cairo is not counting one of the games played at Clarksville as lost, saying it was an exhibition game, and Paducah counts it as lost on the ground that the rules prohibit exhibition games during the championship season, and that two games were scheduled between Cairo and Clarksville for Labor Day.

The result of this is that on account of a signed agreement between the Cairo and Clarksville managers that one of the games was only an exhibition, no official score was set in for one of the games, and one of those we are counting against Cairo will in all probability not be counted against her, unless the league at its final meeting orders it counted. At present Paducah counts it against her.

Paducah will have to hustle to win the pennant. Cairo seems determined to have it, as she has four or five new players from the Evansville Central League team, including a new pitcher and catcher.

Paducah today goes against Clarksville, and Cairo goes against Vincennes. It can be safely assumed that Cairo will lose at least one game to Vincennes, probably two or possibly three. She has been unable to hit Goodwin and has always found Duffy a hard proposition, and Goodwin may be pitted against the Egyptians for two games. The championship of the K. I. T. accordingly depends on how many games the two teams are able now to win in this last series of three games each. The finish will be watched with growing interest.

RETURNS TO HOWLING GREEN.

Mr. J. H. Fenwick, superintendent of the steam heating company, has resigned effective October 1st to return to Howling Green and take charge of his foundry and machine shops there. He has been superintendent since the heating plant was established, and is a genial, efficient official who has made countless friends during his residence in Paducah. He has resigned before but the company declined to accept his resignation. He now finds it advisable to return to Howling Green to look after his own interests and it will be with regret that Paducah gives him up.

I earnestly recommend it to any one suffering from sprains." 25c, 50c, \$1.00. Sold by DuBois, Kolb & Co.

MEXICAN VETS.

Preparations Are Being Made for the
Last Reunion.

The Mexican war veterans of Kentucky who will attend the reunion of the National Association of Mexican War Veterans, to be held in East St. Louis September 15, will meet in Louisville September 13, to make the final arrangements for the trip. It is thought that the Kentucky contingent will be about twenty-five in number. Many years ago the Kentucky State Association of Mexican War Veterans was a flourishing organization, but one by one the survivors of the war of sixty years ago have passed away, until the state organization has practically been abandoned. It is probable that the meeting this month in East St. Louis will be the last gathering of the members of the national association. There are few if any Mexican war veterans left in Southwest Kentucky.

DAILY THOUGHT.

THE WEATHER.

Fair and cooler tonight. Tuesday fair and warmer in western portion.

APPEALING TO THE COURTS.

The way to rectify existing evils is often to take them to the courts. Attorney Mark Worten has demonstrated this by filing a mandamus against the local board of education and school superintendent to compel the admission of one of his children to the public schools. If this had been done long ago by someone with the interests of the schools and the people at heart, scores of pupils might have profited by it in years past. No one cared enough about it, however, to test the question, until Attorney Worten took it up.

The rule of the school keeping pupils out who were not 6 years old July 1st, of the year they desire to enter school, is a stupid one, and not justified either by law, which says a pupil may enter if 6 years old, nor by necessity, as hundreds of school children do not go to school on whom the state pays the city the regular per capita, and whose absence might inversely be considered that much gain for the school fund. If the board of education deems it necessary to collect a per capita on every child in school in order to pay expenses, it might for a moment consider the hundreds on whom the per capita is paid and who do not attend.

The possibilities in taking questions that vex the public mind, or infringe on the public's rights, into the courts might result in much good if those who have the means, and pay the most of the taxes, desired relief that much. If someone had years ago done what Attorney Worten did in less than a week, there is no telling what a vast benefit it might have been to the educational interests of Paducah.

THE YOUNG MEN ARE FOR ROOSEVELT

In no previous campaign have the young men of the country, the so-called first voters, been so nearly unanimous on one side. The young voter of 1904 hardly without exception will cast his vote for Roosevelt and Fairbanks. Mr. Roosevelt is himself a young man and his energy, his honesty, his singleness of purpose in continuing the policies which have made our young country the greatest nation of the earth, appeals to the young man who will cast his first presidential vote this year.

Then too the young man knows that Republicanism means opportunity. It means progress in science, progress in agriculture, progress in manufactures. And the young man of today is a pro-

gressive young man in whatever industry he may engage.

Nearly a million young men will vote for the first time next November and fully 90 per cent. of this vote will be cast for Roosevelt and Fairbanks.

The citizen who tries to expose the incompetency, indifference, extravagance or inconsistency of the present administration in Paducah is entitled to commendation, but not so much as he is to sympathy. He is simply wasting his efforts. The legislative boards care nothing for exposure. They usually do things wrong, and don't care if they do, or who knows it. If you give a cuff rope enough the result is certain to be disastrous to the calf according to tradition. Some of these days something is going to drop and the grafting that will be exposed will startle the community. It could be exposed now if anyone took the trouble to do it. It would probably make no difference, however. The guilty would only laugh and ask what you were going to do about it, and the public would probably elect them again if they could prove that they were Democrats. This has been the only requirement asked in the past, and is the only one asked now, unless there has been a wonderful reformation lately.

The Louisville Herald quotes the superintendent of the Louisville schools as saying of the school books forced on the state by a democratic legislature:

"They are not nearly so satisfactory as the books we have been using. The Louisville school board was not consulted in the selection of books. We simply had to take what was given us. You know another man cannot buy a suit of clothes to fit you nearly so well as you can buy the suit yourself."

"For our needs the new books are a disappointment."

In raising the cry of "constitutionalism," Judge Parker has incidentally called attention to the fact that the Democratic convention of 1864 made that the issue and applied the same brand of abuse to President Lincoln that they are now heaping upon President Roosevelt. Democrats may also rest assured that history will repeat itself and they will be licked as unanimously as they were in 1864.

Democrats may talk of "entangling foreign alliances" but the country knows that America's hands are free, ready to protect American citizens and defend the rights of humanity wherever wrongs are attempted. If that be a "dangerous" policy, make the best of it.

It might help the Democratic protests against the size of the army and navy if some of those rescued from the Boxer riots in China, the bandits in Morocco and the slaughtering Turks and brigands in Armenia were to take the stump for the Democratic ticket.

A famous French chef, visiting in New York, says he can not understand why the American people do not eat more soup. He might be told that they had an overdose of it when the Democrats were in power.

Tom Watson declares that the Democrats and Republicans hold the same principles, the only difference being that the Republicans are honest about it while the Democratic professions are based on party expediency.

The Republican party believes in reciprocity that will benefit the country. The Democratic party professes to believe in any brand of reciprocity that promises to hoodwink voters at the polls.

Democratic papers insist that President Roosevelt is the issue. That is a high tribute to the absence of vitality in the Republican record of the last eight years.

Democratic appeals for the labor vote are based on the hope that the American workman has forgotten what happened in 1893.

John Sharp Williams declares that Democrats do not die in office. They are dying, however, to get in.

Circuit Court.

NEWS OF THE OTHER COURTS

CIRCUIT COURT.

John Payne, colored, "got his" in circuit court this morning when the jury returned a verdict for two and half years in the penitentiary with an additional fine of \$500 for setting up and conducting a game of chance in this city.

Payne, until a few months ago, conducted a gambling resort on lower Kentucky avenue, but skipped out to elude the police who were after him. He was later located in Cairo and the police in that city instructed to arrest him, which was done last week. Payne was returned to the city by Patrol Driver John Austin, and held over to the grand jury, which returned a verdict last week. Payne was arraigned this morning and pleaded not guilty. The evidence showed he was guilty and the jury was out a few moments only before returning a verdict.

William Davis, alias, W. J. Mundy, was arraigned immediately after the Payne trial, and pleaded guilty to setting up a game. The jury returned a verdict for one year in the penitentiary with a fine of \$500. Payne and Davis were arraigned together but given separate trials because Payne wanted to plead not guilty.

The case against W. L. Leman for selling liquor to minors, was dismissed because of lack of proof.

The appeal case of Thomas Fitzgerald was continued.

The case against Tillman Riley and Andy Rowlett were reset for the 11th day.

John Ewell who shot another negro over a year ago, was given one year in the penitentiary on pleading guilty. Ewell was indicted on two charges, one for malicious cutting and one for malicious shooting. He gave the officers a hard chase for over a year, but was recently landed by Officer Thad Terrell. The police had nearly forgotten that Ewell was wanted and for some time the officers hunted for the case before the record could be found. Ewell pleaded guilty on condition that the cutting case be dismissed, which was done.

Henry Alcock, Win. Page, Marion Berry and Gus Urath were excused as petty jurors and J. P. Sanderson, R. B. Dale, I. E. Potter and J. F. Dowdy substituted.

SUES FOR DIVORCE.

Ellie Weatherington today in circuit court filed a suit against her husband John Weatherington, for divorce alleging abandonment. They married in Memphis in 1901, and the alleged abandonment occurred on June 12th, 1902. She asks for the restoration of her maiden name, Ellie Jeffards.

MANDAMUS GRANTED.

Circuit Judge W. M. Reed has decided against the Paducah board of education in the mandamus suit brought by Attorney J. M. Worten to compel the board and Supt. Leish to admit his little daughter, who was 6 years old July 14th. The board of education has a rule that children to enter school in September of a year must have been 6 years old July 1st of that year. The state law gives every child 6 years old the right to go to school, and Judge Reed decides that a school board has no right, by rule or otherwise, to keep a child out of school if it is 6 years old, no matter when it became 6, especially when the rule conflicts with the state law. The decision is of far-reaching importance, and so far as known the question never came up before. Judge Reed's written opinion will be filed shortly, and it is probable in order to settle the matter for all time to come, the question will be taken to the court of appeals.

Supt. Leish is not to blame for the refusal to admit pupils to the public schools unless they were 6 years old before or on July 1st, as he has simply been enforcing a rule passed by the board of education, as he is required to enforce all other rules.

As the case now stands children if 6 years old may now enter the public schools, no matter when they became 6. Mr. Worten's child was admitted when he took her to school this morning.

Flora Martin, colored, was acquitted this morning in circuit court of the charge of false swearing. She was defended by Attorney E. B. Drake, a late comer to the Paducah bar.

John W. Skelton was fined \$51 and costs for acting as an agent without license and granted an appeal.

The divorce case of Ellie John Weatherington was by agreement docketed.

POLICE COURT.

Georgia Williams, a negroess, who amused herself by throwing rocks and tin cans through a neighbor's windows, was fined \$20 and costs this morning by Police Judge D. L. Sanders.

John Young, white, who had a mania for carrying a pistol, was fined \$30 and costs and given 10 days in jail.

Bailey Eaker and W. L. Sterlevant, white, who had a fight in the New Richmond bar and the former got struck in the head with a bottle, were arraigned for fighting, and the former fined \$10 and costs and the latter \$1 and costs.

Hester Stovall and Lucinda Greer were fined \$5 and costs each, Lucy Pickert, Flora Guthrie and Mary Ray fined \$3 and costs each for creating a disturbance by fighting. John Greer was dismissed of a similar charge. All were ordered.

John Pittman and Will Grogan, white, were arraigned for a breach of the peace and the former fined \$5 and costs and the latter dismissed.

John Farrell and ——— Irwin, white, were fined \$1 and costs for drunkenness. Thomas Dean was fined \$10 and costs for being drunk and disorderly.

The gaming case against Rudy Hale, Albert Hall, John Thomas and Finis Batten, all colored, were arraigned while gaming by a candle light back of a bill board near the carnival, was continued.

James H. Sullivan, white was fined \$10 and costs for acting in a disorderly manner.

Sam Baker, white, was fined \$10 and costs for a breach of the peace, while on Chambers and Vreay Young, colored, were dismissed.

The case against Jim Wynn, white, for carrying a concealed weapon was dismissed.

John Humphrey and John Durham, white, were fined \$1 and costs each for drunkenness.

The breach of the peace case against John Bayles, colored, was continued.

The case against J. E. Troghlin, white, and Robert Mettes, colored, for jumping on and off of trains while moving, was dismissed.

D. A. Cross has been appointed administrator of Lucinda Adkins.

Dr. P. H. Stewart has been appointed administrator of the estate of the late Benoit Clark H. H. Hobson.

SUES FOR DAMAGES.

Kate Edmunds has filed suit against the L. C. road for \$2,000 damages. She alleges that she bought a round trip ticket from Paducah City to Evansville on an excursion train and that on return the water ran out in the car at midnight and because of the impossibility to get water, she was rendered very faint and ill. Also that the conductor refused to stop the train at Paducah City, although her ticket called for a stop at that place which was also a scheduled stop, saying that she was the only passenger for Paducah and he didn't intend to stop. She says she was put off at Paducah, forced to walk a mile and a half while very ill to a relative's.

SUIT ON CONTRACT.

Mrs. Kate Wilcox has filed a suit against George Houston for \$125 for breach of contract. She alleges she rented the defendant 32 acres of land to raise a crop of corn on with the understanding she was to get a third of the profit and that he raised enough crop to make her share in the profit \$125 which he has refused to pay.

ABILENA

Abilena is natural water. It holds in solution salts dissolved from natural deposits in the earth. It is Nature's cathartic compound—a natural mineral water. Mineral waters are recognized everywhere as the most efficient, as well as the least injurious, cathartics. Abilena is the best mineral water on the American market. It is The American Natural Cathartic. The discovery of Abilena was a simple revelation of nature. For a long time after the first well was dug, the water, being unfit for domestic purposes, was not used at all. Precipitate tests afterward disclosed its medicinal properties and the report of its virtue was rapidly disseminated. Finally several chemists analyzed the water and the results manifested its great therapeutic value and pre-empted its future renown. Sold only by

THE EDITOR'S BRAIN

DID NOT WORK WELL UNDER COFFEE.

A brain worker's health is often injured by coffee, badly selected food and sedentary habits. The experience of the Managing Editor of one of the most prosperous newspapers in the Middle West, with Postum Food Coffee illustrates the necessity of proper feeding for the man who depends on his brain for a living.

"Up to three years ago," writes this gentleman, "I was a heavy coffee drinker. I knew it was injuring me. It directly affected my stomach and I was threatened with chronic dyspepsia. It was then that my wife persuaded me to try Postum Food Coffee. The good results were so marked that I cannot say too much for it. When first prepared I did not fancy it, but inquiry developed the fact that cook had not boiled it long enough. So next time I had it properly made and was charmed with it. Since that time coffee has had no place on my table save for guests. Both myself and wife are fond of this new cup which 'cheers but does not inebriate' in a much tamer and sterner sense than coffee. My stomach has resumed its normal functions and I am now well and strong again mentally and physically."

"I am confident that coffee is a poison to many stomachs, and I have recommended Postum with great success to a number of my friends who were suffering from the use of coffee." Names given by Postum Co., Battle Creek, Mich.

MUCH DISAPPOINTED

No Excuse for Changing Plans for New Market House.

Intimated That the Building Was Modified to Make it Appear Cheaper.

In speaking of the changes in the plans for the new market house by the joint public improvement committee of the general council, President Noble of the Board of Public Works, said today:

"The Board of Public Works regrets very much that the joint public improvement committee and general council saw fit to make changes in the market house plans simply to reduce the cost of the building and make it appear that the general council has done it cheaper than the board of works. We regret that this was necessary to justify the council's refusal to award the contract to the lower bidder."

"Our board worked long and faithfully, especially Messrs. Fowler and Rinkieff, to find out just what was needed in Paducah in the way of a market house, and what could be obtained with the available money, and we were congratulating ourselves that we had selected the very best and most necessary thing in the way of a market house that was obtainable for the money appropriated."

"We regret very much that the general council found it necessary to change the plans against the advice and wishes of the architect and Board of Public Works, especially to change them to reduce the cost of the building at the expense of public convenience—and only for the purpose of making it appear, when bids are opened, that they have saved the city money. We are confident that unless there was a 'combination,' bids would have been much lower than before anyhow, and did not deem changes in the plans advisable or beneficial, but just the opposite."

Theatrical Notes

Adelaide Thurston's fourth starring tour will start at Norfolk, Va., September 22. The favorite little actress will be seen for the second season in "Polly Primrose," her successful comedy of domestic southern life. This city is included in the route.
The title of Walter E. Perkins' new farcical play, originally announced as "A Military Man," has been changed to "Who Goes There?" This was thought advisable on account of the probability of confusion with the late Garriek theater failure, "Military Man," in New York. "Who Goes There?" is by H. A. DuSodest, author of "My Friend from India" and it is said to be a novelty in farcical writing, and is of military flavor, as its title suggests.

Mr. Charles B. Hanford's tour starts at Wilmington, Del., on October 3 and will extend to the Pacific coast. Mr. Robert M. Edwards will be a member of the company in the capacity of business manager. Mr. Hanford will present the following plays on his tour the coming season: Don Caesar de Bazan, Othello and The Taming of the Shrew.
Alphonso Phillips, a few years ago manager of the La Belle park theater, and Mr. Harry Driscoll, who was at the Rowdintown theater, are now playing in "The White Tiger of Japan."

The Harris Nickel-plate show did not "bust," but quit business to keep from "busting." The owners claim all were paid in full.
WANTS TO BE PUT RIGHT.
Mr. Baba Vasseur, who was a short time ago arraigned in police court for the alleged robbery of Constable A. O. Shelton, was acquitted and wants to be put right before the public.
"I had nothing to do with the affair and was as much surprised at my arrest as were my many friends. I was honorably acquitted and want the public to know about it," he stated.
Mr. Vasseur is well known, a respected and quiet citizen of the South Side and the arrest while it did not damage him with his friends, may have had some effect on those unacquainted with him, and for this reason he desires to be "put right" before the public.

WILL CLEAR A NEAT SUM.

The Labor Day committee will make a final report of the proceeds of the Labor Day celebration at the meeting of Central Labor Union Thursday night. A meeting was held yesterday but nothing definite has been given out. It is understood, however, that nearly \$500 was cleared by the committee.

IN GOOD CONDITION

RAILROAD CAMP NOT UNSANITARY, IT IS LEARNED.

The company that has the contract for the railroad work up about Gilbertsville, on the Illinois Central, including the building of the new bridge, deny that there are unsanitary or unsanitary conditions at the camp, and think that the person who came to Paducah last week and wanted the health authorities to investigate, must have been actuated by a grudge of some sort. They invite anyone at anytime to visit the camp and see for himself.

A BIG REVIVAL BEGAN YESTERDAY

Large Congregation at Broadway M. E. Church.

Eloquent Minister and Fine Music
Aroused Great Interest Yesterday.

OTHER CHURCH MATTERS

What promises to be one of the largest and most successful revivals in the history of Paducah began yesterday afternoon at the Broadway Methodist church. It is to be a noon meeting, and a large congregation was present at both the afternoon and the evening services.

Rev. Walter Holcomb, one of the best known and most successful evangelists in the country, whose home is in Stateville, N. O., is conducting the meeting, assisted by local ministers, and Mr. Edward McKenzie, a well known singer, assisted by local choir, is directing the music.

The crowd last night almost filled the church to overflowing, and Rev. Holcomb preached an eloquent sermon. He immediately made many friends, and the impression gained from his sermon was that he will prove a speaker of great power and effectiveness in Paducah.

There will be services every morning at 10:30 and every evening at 7:30 during the meeting, and large congregations are expected at every service.

Y. M. C. A. Secretary U. S. Duncan leaves Wednesday morning for Louisville to attend a meeting of general and assistant secretaries of the state, who will be in session two days.

The Ministerial Association held an informal meeting this morning and appointed several committees, members and so forth for the big revival just begun. No business of mutual importance was transacted.

Rev. D. C. Wright, the new rector of Grace Episcopal church, has made many friends since he came to Paducah. He is one of the best preachers ever heard here, and has large congregations at every service.

There will be a meeting of the vestry of Grace Episcopal church at 8 o'clock tonight at the rectory and all members are urged to be present.

Rev. R. W. Chiles and wife have gone to Louisville to attend the National Missionary Convention.

NEW RECORD.

Cramps Turn Out a Steamer for the Clyde Line in Advance of Contract Time.

Philadelphia, Sept. 5.—The new Mohican, built by the Cramps Shipbuilding company for William P. Clyde & Co., was delivered to the latter company Wednesday. The completion of the Mohican creates a new record in shipbuilding on the Atlantic coast.

The design of the vessel was finally decided on March 4. The first material was received at the shipyard on March 15, the keel was laid May 3, and the ship was launched August 11. Nineteen days later the machinery had been installed and the vessel was delivered one month after being launched, nine days in advance of contract time.

The Mohican will ply between New York and Wilmington, N. C.

DIOCESE OF KENTUCKY.

Louisville, Ky., September 12, 1904.—The Standing Committee of the Protestant Episcopal church, in the diocese of Kentucky, gives notice of a special session of the Council to be held in Calvary Church, Louisville, on Wednesday, September 21, 1904, at 10 o'clock a. m., for the election of a bishop. The lay deputies will be the same as those elected to the last council.

J. J. BAUNDERS, Secretary of the Diocese of Kentucky.

Admirably Fitted.

(From the Cleveland Plain Dealer.)
"I got a place this morning for Fibbersley."
"Not Jack Fibbersley?"
"Why, man he's without exception the greatest liar in this city."
"I know it."
"Then how could you recommend him? What is the place?"
"I got him a job as a theatrical press agent."

Judge Anthony Thornton, a Kentuckian by birth, who had served his adopted state with distinction, died at his home in Shelbyville, Ill., at the age of ninety years.

THE MARKET HOUSE

AMPLE PROTECTION WILL BE AFFORDED MARKETERS FROM WEATHER.

The plans for the market house adopted by the Board of Public Works and changed by the general council, provided for an enclosed building. As modified by the general council they open eighty feet of each end, as the present market house is opened, and this has raised quite a protest from marketmen and trucksters, who say they have for years been compelled to stand out in the cold during winter, and they think that as the city is going to build a new market house, it ought to build one that will protect the farmers and others who come long distances to town, as well as the butchers.

Members of the general council, however, state that there are only about three months of bad weather every year, and that the city has made provision for protecting the farmers and gardeners by providing canvas sides which will be lowered in case of cold or rain, and be as much of a protection as if the building were enclosed.

The reason the plans were changed, it is stated by the members of the board, is that it will save the city several thousand dollars.

SATOLLI ON PHILIPPINES.

What He Conceives to Be American Duty.

(Associated Press Dispatch.)
Rome, Sept. 12.—Cardinal Satolli returned to Rome today, cheered by his visit to the United States. He said: "While I feel for America a degree of affection and gratitude, which will accompany me throughout my life, I must say that today the United States has a delicate and grave task to perform before the civilized world, namely, to educate the Philippines to a new social and political life, rendering them more advanced in economic prosperity, which may grow very fast considering the immense variety and richness of their products, while watching that their civilization has religion as an unchangeable base."

"In this way in a few years the Philippines may form a strong and prosperous nation, inspired by justice, liberty, and morality, and become a worthy daughter of the great American commonwealth, which will thus prove that in setting foot in the Philippines it did not intend conquest, but to undertake a high, civilizing duty."

AUTUMN FASHIONS.

Dressmaking Autocrats of Paris Will Impose Some Striking Costumes.

Paris, Sept. 12.—The Fashion Expert this week reveals many nature costumes which the dressmaking autocrats are preparing to impose upon Parisian queens this autumn. The general cut is tight fitting jackets with long basques, narrow sleeves, skirts full at the bottom. The jackets are open neck, heart shaped, revealing embroidered gilet. The materials most favored are Havana slate gray cloths and pure Lyon velvet.

NOTHING ON HAND.

The board of fire and police commissioners will meet tonight but there is nothing to do. The commissioners have no appointments to make and will adjourn after reading the minutes of the last meeting and adopting them.

NAMED TEN YEARS

WAS THIS GIRL BABY WHO ARRIVED YESTERDAY.

Mr. William Flowers, local baggage agent for the Illinois Central, is the proud father of a girl baby, born yesterday morning.

This is the first girl baby in the family, and Mr. Flowers is very happy over it. "We have named the baby Mary Lucetta," after my sister, and some time ago I wrote my sister in Washington that I wouldn't visit her until I could bring Mary Lucetta with me. Yesterday morning I answered and stated I would visit in Washington soon and bring the girl with me."

Mr. Flowers stated that they had had the baby named for ten years.

CAN'T BE SOLD

GOVERNMENT LICENSE NECESSARY TO HANDLE MALT BEVERAGES.

The Fulton papers state that Revenue Inspector R. D. Happy has received from Washington notice that a government license must be taken out for selling the imitations of beer sold there and elsewhere under various names.

The government authorities are alleged to have said after an analysis that the beverage are about 10 per cent intoxicating.

NEWS OF THE RIVERS.

Gauge today reads 2.4, a fall of one tenth since Saturday.

The Luella Warren arrived yesterday and went to Smithland with a funeral party. There is talk of the Warren running in the Cumberland river during the present low water, as there is now no boat in that trade. The gasoline Starlight started in but broke down on the first trip and has not been heard from since.

The Catalina has repaired her broken shaft and is again doing harbor work. The Henry Harley left at 8 a. m. today for Cairo with a good Monday morning trip.

The J. B. Richardson, due yesterday from Evansville, did not arrive until today. The packets are behind, and have low water to contend with.

The Charleston is due from Tennessee river.

The Clyde will arrive this evening from Tennessee river.

The Victor came up last night from Cairo and leaves in a day or two for Tennessee river after ties.

Captain S. A. Fowler is expected today from Chicago and St. Louis.

The City of Savannah, with a good trip, arrived this morning early from St. Louis for Tennessee river, and left at 7 a. m.

An enthusiastic meeting of the tobacco growers of Washington county was held at Springfield, at which a speech was made by W. C. McCord explaining the plans of the Burley Tobacco Growers' Association. Stock was taken in the company, and it is believed that 90 per cent. of the tobacco grown in the county will be pledged to the association.

"DUMMY" HUGHES

CAIRO'S FIRST BASEMAN WAS PUT UNDER A PEACE BOND.

"Wee Willie" Popp, who inspired yesterday's baseball game between the Cairo and Henderson teams, became very much frightened at "Dummy" Hughes' demonstrations, says the Henderson Gleaner. So much frightened was "Wee Willie" that he had "Dummy" arrested and put under a peace bond of \$25.

Officers Abel and McHugh arrested "Dummy" and took him before J. S. Powell, judge pro tem of the police court, who recognized "Dummy" in the sum of \$25 to keep the peace toward "Wee Willie" and others for the period of ten days.

ABCESES.

W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the sores in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. E. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world."

ABCESES, with few exceptions, are indicative of constipation or debility. They may, however, result from blows or from foreign bodies, introduced into the skin or flesh, such as splinters, thorns, etc.

CORRECTED DAILY

OFFENSIVE CATARRH

I suffered for a long time with a bad case of Catarrh, and took a great deal of medicine without any benefit. I had a continual headache, my cheeks had grown purple, my nose was always stopped up, my breath was sickening and disgusting odor, and I coughed incessantly. I heard of your S. S. S. and wrote you. I commenced to use it, and after taking several bottles I was cured and have never since had the slightest symptom of the disease. Mrs. Mary L. Storn, Cor. 7th & Felix Sts., St. Joseph, Mo.

Wheeling, W. Va., May 29, 1904. I had Nasal Catarrh for years for which I used S. S. S. with very gratifying results. I tried local applications for some time, and getting no permanent relief I came to the conclusion that the seat of the trouble was in the blood. Knowing S. S. S. to be a good blood medicine I began its use, and after using it for some little while it did away entirely with the offensive mucus in the nostrils, and I did not have to hawk and spit, especially in the morning, to dislodge the catarrhal mucus.

The filthy secretions and foul mucus that are continually dropping back into the throat, find their way into the stomach and are absorbed into the blood. Catarrh then becomes constitutional, and the only way to get rid of it is through the blood. Write us if you have Catarrh, and our physicians will advise you without charge.

Moran of the Lady Letty

By
**FRANK
NORRIS.**
Author of "The Octopus," "The Pit," etc.
Copyright, 1898, by
S. S. McClure Company

It was Moran, and Moran as Wilbur had never seen her before. Her eyes were blazing under her thick frown like fire under a bush. Her arms were bared to the elbow, her heavy ropes of hair flying and eddying from her in all directions, while with a voice hoarse from shouting she sang, or, rather, chanted, in her long forgotten Norse tongue, fragments of old songs, words and sentences meaningless even to herself. The fury of battle had exalted her to a sort of frenzy. She was beside herself with excitement. Three more she had lapsed back to the Vikings and sea rovers of the tenth century; she was a Valkyrie, a berserker and the daughter of berserkers, and, like them, she fought in a veritable frenzy, seeing nothing, hearing nothing, every sense exalted, every force doubled, impulsive to pain, deaf to all reason.

Her disk uplifted, she rushed upon Wilbur, never once pausing in her chant. Wilbur shouted a warning to her as she came on, puzzled beyond words, started back to a consciousness of himself again by this incoherent attack.

"Moran! Moran!" he called. "What is it? You're wrong! It's I! It's Wilbur, your mate! Can't you see?" Moran could not see. Blind to friend or foe, as she was deaf to reason, she struck at him with all the strength of her arm. But there was no skill in her flailing now. Wilbur dropped his own knife and gripped her right wrist. She closed with him upon the instant, clutching at his throat with her one free hand, and as he felt her strength, doubled and tripled by the fury of her madness, Wilbur knew that, however easily he had overcome his enemy of a moment before, he was now fighting for his very life.

At first Wilbur merely struggled to keep her from him to prevent her using her disk. The third he tried to hurt her. But what with the spirit he had drunk before the attack, what with the excitement of the attack itself and the sudden unfeeling of the brute in him an instant before, the whole affair grew dim and hazy in his mind. He ceased to see things in their proportion. His new found strength glowed in matching itself with another strength that was his equal. He fought with Moran not as he would fight other women or men or with anything human, for the matter of that. He fought with her as against some impersonal force that it was incumbent upon him to conquer—that it was imperative he should conquer if he wished to live. When she struck, he struck back for blow, force for force, his strength against hers, glorying in that strange contest, though he never once forgot that this last enemy was the girl he loved. It was her force, her determination, her will, her splendid independence, that he felt himself to conquer.

Already she had dropped or flung away the disk, and their battle had become an issue of sheer physical strength between them. It was a question now as to who should master the other. Twice she had fought Wilbur to his knees, the head of her hand upon his face, his legs thrust back between his shoulders, and twice he had wrenched away, rising to his feet again, panting, bleeding even, but with his teeth set and all his resolution at the striking point. Once he saw his chance and planted his knees squarely between her eyes where her frown was knotted hard, hoping to stun her and end the fight once and for all. But the blow did not seem to affect her in the least. By this time he saw that her berserker rage had worked itself clear as ferocious white clouds and that she knew now with whom she was fighting, and he seemed now to understand the incomprehensible and to sympathize with her joy in measuring her strength against his, and yet he knew that the contest was deadly serious and that more than life was at stake. Moran desisted a winking.

For an instant, as they fell apart, she stood off, breathing hard and rolling up her sleeve. Then, as she started forward again, Wilbur met her half way, caught her round the neck and under the arm, gripping her left wrist with his right hand behind her. Then, exerting every ounce of strength he yet retained, he thrust her down and from him until at length, using his hip as a pivot, he swung her off her feet, threw her fairly on her back and held her so, one knee upon her chest, his hands closed like a vise on her wrists.

Then suddenly Moran gave up, relaxing in his grasp all in a second, and, to his great surprise, suddenly smiled. "Hah, mate!" she exclaimed. "That was a tough one, but I'm beaten—you're stronger than I thought for."

most men, didn't they? But I'm the weaker of us two, and that's a fact. You've beaten me, mate—I admit it. You've conquered me, mate," she continued, smiling again and shaking him by the shoulder. "And, mate, do you know, I love you for it."

CHAPTER XI.
"WELL," exclaimed Wilbur at length, the excitement of the fight returning upon him. "We have plenty in us yet. Come on, Moran!"

It was no longer Moran who took the initiative—who was the leader. The brief fight upon the shore had changed all that. It was Wilbur who was now the master; he was Wilbur who was aggressive. He had known what it meant to kill. He was no longer afraid of anything—no longer hesitating. He had felt a sudden quadrupling of all his strength, moral and physical.

DOG SAVES GIRL'S LIFE.
Williamstown, Ky., September 12.—But for the presence of a faithful shepherd dog, the little daughter of Sam Rex, a farmer at Zion Station, on the Louisville & Nashville railroad, would have been ground to pieces under the wheels of a fast train. The child was playing on the track as the train came dashing along. The dog seized the child in his teeth and dragged her from the track in time to miss the wheels of the engine. When he found out what had happened Rex came to Williamstown and listed the dog as property, fixing his value at \$500, and said he wanted to pay taxes on him as long as he lived.

KILLED BY FIRST BLOW.
Cadiz, Ky., September 12.—One of the most remarkable killings in the history of Kentucky occurred near Golden Pond, this county, Saturday afternoon when a man, seemingly robust and in perfect health, died from the effects of being struck with the fist by another man no larger than himself and in a drunken state when the blow was struck. Pat Grey was the slayer and Charles T. Russell his victim. Grey became intoxicated at Golden Pond and, by his boisterous conduct, became unbearable. He was placed under arrest and Russell appointed to guard him to Cadiz, where he would be placed in jail. When the men had proceeded a short distance, Grey became intensely angry and attacked his guard, striking him in the stomach with all his power. He used no weapon, however, except his naked fist. Russell immediately fell to the ground and within less than an hour was dead. Grey made his escape.

HOPKINTOWN TO HAVE SEWERAGE.
Hopkinsville, Ky., September 12.—At the special session of the council to hear expressions from citizens regarding the prospects for a sewerage system for this city an order was issued for the question to be voted on at the regular election in November the amount required for building the sewers being changed from \$80,000 to \$50,000, on motion of citizens.

GRAVE CHARGE PREFERRED.
Princeton, Ky., September 12.—Excitement is very high here over the arrest of "Oon" Greasy, charged with criminal assault by Lillie McClellan, a thirteen-year-old orphan girl. The child was brought here several weeks ago and was left with some people of this place, but was later taken to Evansville. Saturday she was returned to this city by Chief of Police Wilson. Greasy lives in this county, several miles north of here, and it is stated that several other arrests will be made in connection with the crime. The prisoner is about forty-five years of age and has a wife and several children. The girl formerly made her home with the Greasy family.

TO HAVE BETTER ROADS.
Smithland, Ky., September 12.—As a result of the Farmers' Institute which Mr. Hubert Vreeland and Mr. C. M. Hanna, of Frankfort, held at the Duley's bluff church at Bayou, in Livingston county, committees were appointed to purchase graders and other machinery to improve the road system of the county. Both Mr. Hanna and Mr. Vreeland addressed the meetings.

Surrounding lodges—Water Valley, Lowes, Dublin, Folsomdale, Melber, Cuba, Fulton, are to be present.

DEATH IN GRAVES.

and came from Marshall county. She left a husband and two children, Mrs. Rebecca L. Copeland at Hickory Grove and Thomas Owens, children of her first husband.

METHODIST WORK FULLY SET FORTH

Tenth Annual Report of Educational Board Ready.

It Will Be Issued at Nashville For the Methodist Episcopal Church South.

WILL SUGGEST A CONFERENCE

The tenth annual report of the Board of Education of the Methodist Episcopal church, south, which includes Paducah churches and others in this section, will be issued this week from the office of Dr. J. D. Hammond, the secretary of the board at Nashville. The report shows an encouraging growth of the educational work of the church.

The report shows that the total collection made in the church for educational purposes during the year 1903-4 was \$97,566.66, which as compared with \$52,45.58 for the year 1899-1900, shows an annual increase of over \$11,000.

During the same period there was an increase in the value of educational buildings and grounds of \$2,372,945; in endowment, of \$501,711; in pupils, of 9,287; and in teachers of 36. The number of accredited colleges is now 23 as compared with 17 last year.

The board is accumulating a fund, which now amounts to \$6,000, to aid poor young men in their education, and the report urges all who are interested to increase the fund by bequests and donations. To further the cause of education, the board asks that it be authorized to issue a periodical from the publishing house, that will be devoted to these interests entirely.

An interesting feature of the report is a summary of the educational work done among the negroes, which is referred to as "the crowning glory of the church." Paine College, the principal negro institution conducted by the church, is being improved, dormitories are being built, and a dormitory for girls are now under way. It is planned also to have a summer school, and the plan has been endorsed by State Superintendents of Public Instruction S. A. Myrders.

The suggestion is made in the report that the board might well consider at this time the propriety of co-operating with other churches in educational work, especially with the Northern Methodist church, and it is proposed to hold a joint educational conference of the two churches. The plan has met with favor in the north, and if successfully carried out, is expected to result in an advancement of church education.

Use Shoffner's Sure Cure

The Great Tonic and Blood Purifier—Cures Indigestion, Dyspepsia and Catarrh.

It is a trite and true saying that the "blood is the life." Now where does the blood come from? Everybody knows, or should know, that it comes from the nutritive elements extracted by the stomach from the food we eat. If the digestive organs do not perform their functions by reason of disease germs, there is no nutrition extracted, and the food might better be thrown in the dump to decay and breed germs in the open air than to remain in the stomach and become a rotten, putrid mass, as it naturally does if there is no digestion. No disease germ can live and find lodgment in a human body that uses the Shoffner's Sure Cure. Price \$1.00.

What People Say of the Shoffner's Sure Cure.

PADUCAH, Ky., March 5, 1903.
To Whom It May Concern:
This is to certify that I was a sufferer with indigestion for five years and could get no relief until I bought one bottle of Shoffner's Sure Cure, and it helped me so much that I took six bottles, and it has cured me sound and well, thanks to the Shoffner's Sure Cure.

MRS. JOHN SHELLEY, 806 S. Third St.

This is to certify that I believe the Shoffner's Sure Cure saved my life. I was not able to sit up to bed when I began taking the remedy. I had such a severe cough I thought I had consumption. Physicians had given me up to die. After taking one bottle I was able to sit up some. After using five bottles I was fully restored to health. I cannot say enough in favor of this wonderful remedy for indigestion.

MRS. SUE GRAHAM, Moscow, Ky.

If after using one bottle according to directions you are not benefited, your money will be refunded.

**10¢
a day**
buys a Buck range—

"THE STORY OF 10 CENTS A DAY"

We will tell it to you in as brief a manner as possible, but it's mighty interesting one. Read it all.

By a special arrangement with the Buck Stove and Range Company, in order to put a great Buck's Range, Cook Stove or Heater in the big majority of homes in Paducah and suburbs; in order to break all records on stove selling; in order to handle four times as many of these great stoves and ranges as we have ever handled before, we make the following remarkable, before unheard of, offer:

**For 10 cents a day we will sell you—
yes, put up in your kitchen or parlor
—any Buck's Steel Range, Cook
Stove or Heater.**

There are absolutely no strings tied to the proposition at all—no "conditions" no nothing—10 cents—one dime—per day, puts you in possession of any Buck's Stove or Range. We can't say it plainer. There's all there is to it.

Was such an offer ever made before, by any store, in any city? Why, it's the most astonishing, the most remarkable trade move in the history of modern merchandising; but it's the RHODES-BURFORD way of doing things. Just imagine being able to buy "Buck's," the best makers in the world, the line of stoves and ranges that have been giving more than satisfaction for 57 years, at 10 cents a day.

Now, this sale started with the opening of our sale this morning at 8 o'clock. There will, of course, be extra salesmen, extra teams and extra stove men to set up the stoves, and we expect to handle every order in the promptest manner; but we are going to ask you not to expect impossibilities and to be as lenient as possible with us. Realize that we sell at least fifty to one hundred Cook Stoves, Ranges and Heaters per day on this offer, and that they cannot all be delivered and set up on the day they are bought.

So, then, if you have any thought at all of buying a new stove of any kind, here is an opportunity that has never been offered before, and probably will never be offered again.

Your old stove will be taken as part payment, when you buy a new Buck's. The great sale is now on.
